

Element Art in Miss Kristen's class by Ousei, Eva, Leo and Jasmine

Sample work from Miss Barnum's class.

It's been amazing to watch Miss Barnum become a Zoom master!

Miss Malika's students look forward to story time with Chester (the one up high) and Mr. Winter each day. Their theme for the past 2 weeks has been "colors and feelings"! They are learning songs and poems using sign language, too!

This is Mr. Winter story corner. All the children's hands are around the earth. They colored them to match their own skin color!

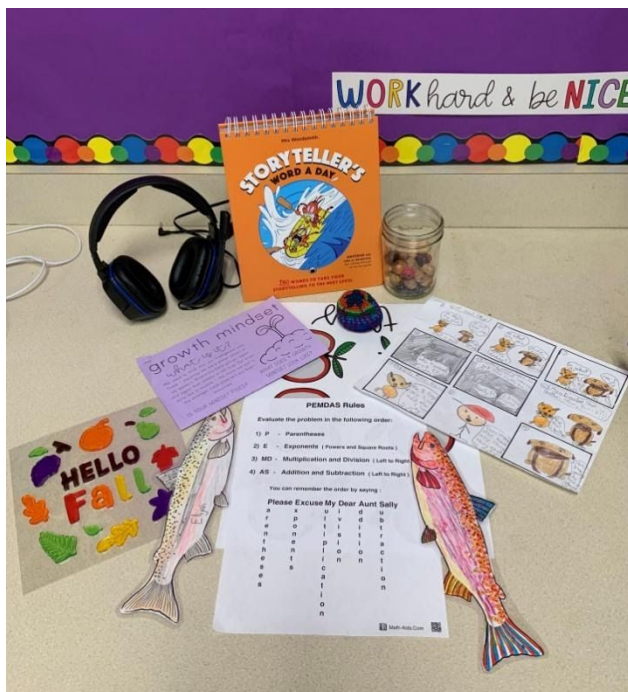

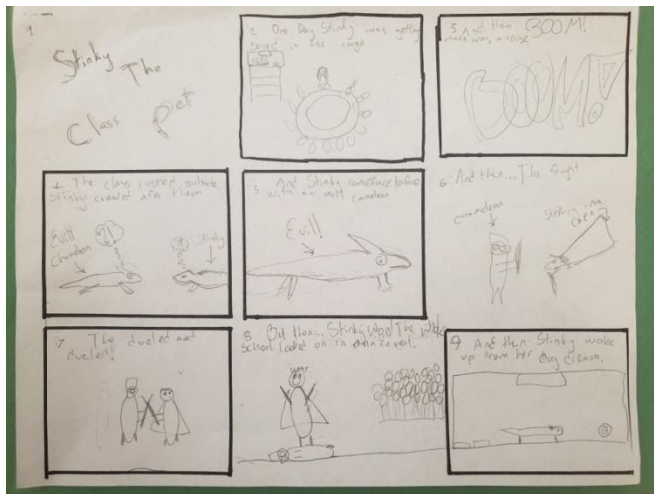

We have had a great first two and a half weeks. I would like to thank all the students and parents again for being so understanding about my situation the first week of school and give a HUGE shout out to Coco for being so amazing and supportive.

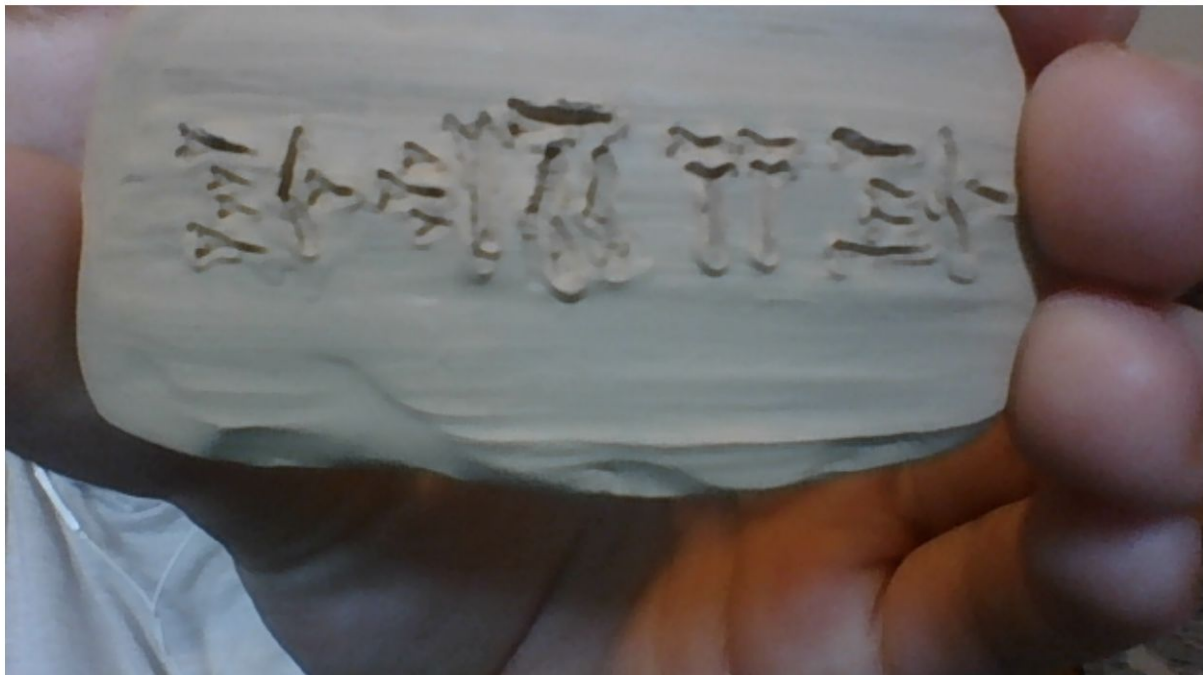

I would also like to highlight how proud I am of all my students and their hard work. We have had excellent attendance and engagement each day. Students are cooperative and respectful to teachers and classmates.

-Ms. Parent

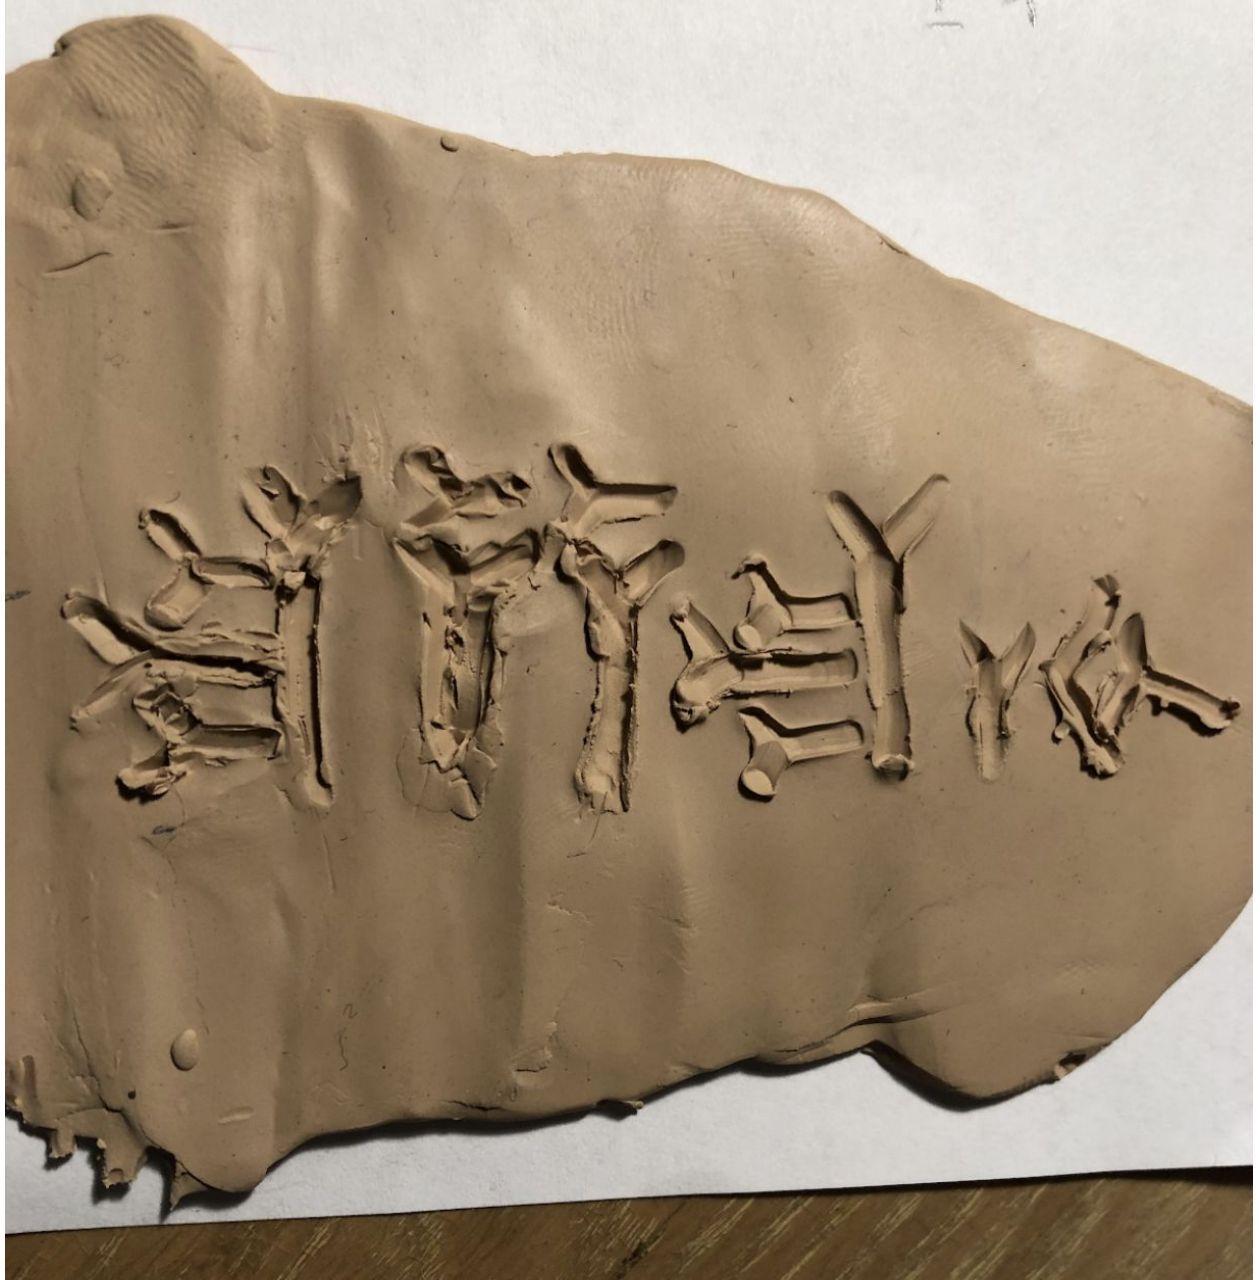

Middle School Work:

Students carved their names using ancient mesopotamian cuneiform letters
